A BRIEF HISTORY OF CLARE WINE

Excerpts from the Clare Valley Grape grower & Winemakers Federation.

Nestled high in the Mount Lofty Ranges, at the gateway to the Flinders Ranges, the picturesque Clare Valley has a secret. In truth, the undisclosed is revealed quickly through understanding the region's geology and climate. This terroir, a combination of surprising elevation and ancient sedimentary soils, blesses our famous riesling grapes, but less known is the equally exceptional shiraz and cabernet sauvignon from the region. A unique viticultural trilogy.

Since explorer John Horrocks planted Grenache in Penwortham in 1840 and the Jesuit Brothers founded Sevenhill Cellars for sacramental wine in 1851, the Clare Valley has unassumingly gone about its business. Its fine red and white wines varying from delicate and elegant to powerful and formidable. Our over representation in Langton's *Classification of Australian Wine VII* illustrates this range, juxtaposing the elegance of Grosset's *Polish Hill Riesling*, against the mystery of Wendouree's shiraz and cabernet and the power of Jim Barry's *The Armagh*.

While famous for 1056-hectares of outstanding riesling, our region, in fact, has significantly more shiraz (1886ha) and cabernet sauvignon (1135ha) vineyards¹. Together these three varieties comprise almost 80% of Clare Valley's wine production. At 5060 hectares of vineyards, Clare Valley is about half the size of the neighbouring Barossa Valley (10,460ha²) but bigger than the Yarra, Mornington and Tasmania combined.

The Clare Valley is a series of valleys and villages, an oasis of walking and bike trails and hills rising high above the surrounding agricultural plains. A place where farmers tend wheat in winter, vines in summer and livestock in between. Varying altitudes to 608m (Mt Horrocks) cause wide diurnal temperature variation from summer's day to night – the secret to why these three varieties prosper in the Clare Valley.

Notwithstanding, a history boasting Australian legends including Leo Buring, Carl Sobels, Mick Knappstein, Jim Barry, Bill Taylor Jr and Mort Mitchell, Clare Valley is a region which prides itself on the understatement. How else do you explain the unrecognised skill of grapegrowers who consistently, and without celebrity, provide some of Australia's best shiraz fruit, including Penfolds' *Grange* and *St Henri* and Leasingham's *Classic Clare Shiraz*, the 1995 *Jimmy Watson Trophy* winner.

Ours is a region dominated by small growers and winemakers. A contrast with many of the world's large and famous appellations with their big brands, huge wines and giant personalities. Here the requirement is *authenticity* – of character, relationships, provenance and sustainability.

BYO POLICY

We live and work in a wine region and recognize that at times our guests want to enjoy their own wines with our food. We are happy to accommodate BYO as a service at the cost of \$20 per bottle of wine (750mL). We do not accept BYO on Friday & Saturday evenings, or on all services over a long weekend.

We do not accept BYO beer, spirits, soft drinks or water.

THE CLARE VALLEY TRILOGY

RIESLING

WATERVALE

Two very important names in Clare wine history are Sobels & Buring being the men who brought Riesling to Watervale in the early 20th century. Riesling and Watervale have been successful companions since. The fertile red loam soils give rise to highly aromatic wines that show wonderful generosity of ripe citrus fruits and dried spice.

POLISH HILL RIVER

Polish Hill River lies on the Eastern side of The Clare Valley between Mintaro & Sevenhill. It takes its name from the Polish settlers who in the 1850's setup along the upper reaches of the Hill River. The soils here are varied grey loam over broken slate, giving these wines their signature tight & mineral qualities.

OTHER POCKETS OF CLARE VALLEY

The Clare Valley is not a large region in size but it is very unique in its diversity. Altitude, aspect, soil type and differing climates can all give wines a unique typicity. From Auburn in the South to the township of Clare at its northern end the Clare Valley is home to a huge number of Riesling blocks that can show their own *terroir* or can be blended across the valley to make things interesting.

SHIRAZ

Clare has long been known for its generous styles of Shiraz. With wines like Jim Barry's 'Armagh' & Kilikanoon's 'The Attunga' providing the region a reputation of producing tremendously flavoured and long-lived wines. These wines will always be part of our fabric. The Clare Valley has many micro-climates within its borders and can not only produce the big Shiraz styles but also some finer more elegant wines. We love the diversity and celebrate all of those styles below.

CABERNET

Mick Knappstein once famously stated 'There's two types of people in the world - those born in Clare and those that wish they were!'. Mick's career at Leasingham saw him experiment with blending red wines and establish the Bin 56 Cabernet Malbec which was an important wine as it established the ability for Clare to consistently produce quality red wines from the Cabernet family.

A.P. BIRKS WENDOUREE

Clare Valley

"An Iron fist in a velvet glove best describes these extraordinary wines. They are fashioned from the very old vineyards, with its unique terroir, by Tony and Lita Brady, who rightly see themselves as custodians of a priceless treasure. The 100+ year old stone winery is virtually unchanged from the day it was built; this is in every sense a treasure beyond price." (James Halliday)
